Alternative performance measures and management estimates

This financial report contains a number of alternative performance measures (non-GAAP figures) to provide readers with additional financial information that is regularly reviewed by management, such as EBITDA and Free Cash Flow (‘FCF’). These non-GAAP figures should not be viewed as a substitute for KPN’s GAAP figures and are not uniformly defined by all companies including KPN’s peers. Numerical reconciliations are included in KPN’s quarterly factsheets and in the Integrated Annual Report 2017. KPN’s management considers these non-GAAP figures, combined with GAAP performance measures and in conjunction with each other, most appropriate to measure the performance of the Group and its segments. The non-GAAP figures are used by management for planning, reporting (internal and external) and incentive purposes. KPN’s main alternative performance measures are listed below. The figures shown in this financial report were rounded in accordance with standard business principles. As a result, totals indicated may not be equal to the precise sum of the individual figures.

Financial information is based on KPN’s interpretation of IFRS as adopted by the European Union as disclosed in the Integrated Annual Report 2017 and do not take into account the impact of future IFRS standards or interpretations. KPN defines EBITDA as operating result before depreciation (including impairments) of PP&E and amortization (including impairments) of intangible assets. Note that KPN’s definition of EBITDA deviates from the literal definition of earnings before interest, taxes, depreciation and amortization and should not be considered in isolation or as a substitute for analyses of the results as reported under IFRS as adopted by the European Union. In the Net Debt / EBITDA ratio, KPN defines Net Debt as the nominal value of interest bearing financial liabilities excluding derivatives and related collateral, representing the net repayment obligations in Euro, taking into account 50% of the nominal value of the hybrid capital instruments, less net cash and short-term investments, and defines EBITDA as a 12 month rolling total excluding restructuring costs, incidentals and major changes in the composition of the Group (acquisitions and disposals). Free Cash Flow is defined as cash flow from continuing operating activities plus proceeds from real estate, minus capital expenditures (Capex), being expenditures on PP&E and software. Operating free cash flow is defined as adjusted EBITDA minus Capex. Revenues are defined as the total of revenues and other income unless indicated otherwise. Adjusted revenues and adjusted EBITDA are derived from revenues (including other income) and EBITDA, respectively, and are adjusted for the impact of restructuring costs and incidentals.

All market share information in this financial report is based on management estimates based on externally available information, unless indicated otherwise. For a full overview on KPN’s non-financial information, reference is made to KPN’s quarterly factsheets available on ir.kpn.com

Forward-looking statements

Certain statements contained in this financial report constitute forward-looking statements. These statements may include, without limitation, statements concerning future results of operations, the impact of regulatory initiatives on KPN’s operations, KPN’s and its joint ventures’ share of new and existing markets, general industry and macro-economic trends and KPN’s performance relative thereto and statements preceded by, followed by or including the words “believes”, “expects”, “anticipates”, “will”, “may”, “could”, “should”, “intends”, “estimate”, “plan”, “goal”, “target”, “aim” or similar expressions. These forward-looking statements rely on a number of assumptions concerning future events and are subject to uncertainties and other factors, many of which are outside KPN’s control that could cause actual results to differ materially from such statements. A number of these factors are described (not exhaustively) in the Integrated Annual Report 2017. Forward-looking financial information does not take into account the impact of new IFRS standards or interpretations effective for future reporting periods (such as IFRS 16 Leasing). All forward-looking statements and ambitions stated in this financial report that refer to a growth or decline, refer to such growth or decline relative to the situation per 31 December 2018, unless stated otherwise.
Highlights FY 2018

Successful Simplification

~€ 225m run-rate Capex and opex savings\(^1\)

Delivered on full-year outlook

Adjusted EBITDA

+0.8% \(\text{y-on-y}\)
FY 2018: € 2,303m

FCF (excl. TEFD dividend)

+10% \(\text{y-on-y}\)
FY 2018: € 804m

Strategy update 2019 – 2021

1 Realized: end Q4 2018 vs. end Q4 2016
Highlights 2018 – products & services

- **Improving in-home experience** with new WiFi-tuner and Voice over WiFi
- **New mobile subscriptions** for small business customers
- **New MyKPN app** and IPTV app to **improve customer experience**
Highlights 2018 – network

- **5G**: Field Labs to explore value of 5G
- **IoT**: Launch of nationwide LTE-M network
- Hybrid fixed-mobile solution to boost speed in rural areas
Awards & recognition 2018

‘Best all-in-one provider’ and ‘Best mobile provider’ by Consumentenbond in Q4

Two Computable awards: ‘Service integrator of the Year’ and ‘Digital Transformation of the Year’

KPN Finance 2.0 awarded most innovative finance project of the year by IMA

KPN Red Team ‘sector C’ World Champion at Global Cyberlympics
Doing business in a sustainable manner

**Leading position in benchmarks**

*Member of* Dow Jones Sustainability Indices

In Collaboration with RobecoSAM

- Euronext
- Vigeo Eiris

**Achievements in Q4 2018**

- Expanded circular manifesto with suppliers to achieve a near to 100% circular company by 2025
- 70% of annual spend on network equipment and hardware for the provision of services to customers covered by agreements
- 160 New KlasseContact placements in Q4 2018

**Reputation ranking**

TOP 3 European Telcos

RepTrak Pulse 2017
The best **converged** smart infrastructure.

Focus on **profitable growth** segments.

Acceleration of **simplification** and **digitalization**.
Preparing for accelerated fiber roll-out
